APRIL
2021 / 2022

The April edition is finally here! A lot of things happened at school and we are glad to inform you about all of them. We experienced funny Easter activities, sunny and shiny spring atmosphere in our lessons and many funny school events. Can't wait to read about it all, right? So, let's get started!

WHAT'S NEW AT OUR SCHOOL?

Enrolment to our school took place on 7th and 8th April. Our nice teachers welcomed the future first- graders with some simple games and activities. Kids showed they are ready to attend our school and they just can't wait for it. It was a lovely afternoon for everyone. Dear kids, we are so happy you had decided to join our wonderful team!

WHAT'S NEW AT OUR SCHOOL?

Kids from our preschool English course experienced a crafty afternoon. Our naughty Maggie helped them to create some wonderful Easter bunnies so they could make their mums and dads happy. Maggie also helped them to learn Easter vocabulary which they can already use in simple sentences. Such a nice afternoon, don't you think?

WHAT'S NEW AT OUR SCHOOL?

Spring is already here! The wonderful time of blooming flowers, fresh air, days full of sun and nice warm temperatures. You can feel it everywhere inside our school. Thank you a lot, Ms. Vendulka Tůmová! You have done a wonderful job!

THE MONTHLY RECAP

WHO TOOK THE COOKIE FROM THE COOKIE JAR?

BY IVETA WINTROVÁ

Who took the cookie from the cookie jar? An owl, an eagle, a wolf, a wild boar, a bear, a fox, a hedgehog, a deer, a squirrel, a mole, or who? Our favourite game has helped us to learn the names of some forest animals. Every time someone else took the cookie and shared with the others. Nobody was hungry at the end of the game.

2.C ON A TRIP

BY PAVLA KUČEROVÁ

We took a trip to the Environmental Center in April. We spent some time in the forest, learning about its animals and plants. We also visited the Wildlife Rescue Station Aves with wild animals as well as domestic animals. We liked most the raven Karel, who talked to us! In one of the evenings we worked in groups, practiced our English and forest animals vocabulary.

THE MONTHLY RECAP

A LITTLE BIT OF EVERYTHING

BY BÁRA ČOPIKOVÁ

This month has been very important for our English lessons. We added a lot of new words and phrases to our vocabulary. We started using "I like and I don't like" talking about our favourite food. Of course we all like (maybe even love) pizza, spaghetti, hamburger and fries but it was a little surprise that we also like salad, fish or mashed potato. We also used many words from our previous topics - colors, numbers, emotions, playground and body parts. We have played many new games this month. Our favourite was "stick it" with as many sticky notes as possible all over our bodies. So much fun!

BUSY 1.C

BY HANA ONDŘIKOVÁ

The month of April was full of beautiful experiences. Firstly, we were looking for Easter treasure. Secondly, we learned how to build mathematical shapes from skewers and modelina. Then we visited the library and we went on a trip to ZOO Chuchle. Finally, we enjoyed "The Day of Funny Headgear" and "Witch's Day".

THE MONTHLY RECAP

SPRING CRAFTS WITH MS. LUCY

BY LUCY BIRKOVÁ

We all celebrate Easter and we all love spring, don't we? It's time of bright colours, sun and wonderful flowers that we can see blooming everywhere. So, our kids had decided to make some crafts as nice as nature can offer us. We have crafted a lot this month and we haven't made only Easter crafts but also wonderful spring flowers. Aren't our school corridors much nicer now?

CRAFTING WITH MS. MARTINA

BY MARTINA SMLSALOVÁ

Even during our English lessons we used the Easter time for fun and easy crafts to spice up our time at school, to drill known vocabulary in a fun way, students were searching for paper Easter eggs with patterns and coloured them. After that, kids really enjoyed creating 3D baskets from paper and other materials and put their coloured eggs in it. We also created colourful bunnies. Kids used their imagination and had a good fun while actively speaking.

THE MONTHLY RECAP

GETTING AROUND THE CLASSROOM

BY MICHAL MAREŠ

We're currently learning how to help tourists get around an unfamiliar city. To read a map is a necessary skill that everyone should know at least to a basic degree. For some it stays challenging even in adulthood. We've played a game in which we hide a certain desirable object (toy, candy) in our classroom and by using the spaces between the desks; we pretend that we are cars trying to get to the destination. It's quite useful for learning vocabulary like – go straight on, take the 2nd left, at the crossroads turn left and so on. Of course, the cars have no idea where we've hidden the object. It's fun and it's motivating.

WE ALL KNOW OUR BODY NOW!

BY LUCIE VOBROVÁ

3.C had a wonderful month when we were learning about our bodies and healthy lifestyle. We even invited a moderator who played special games bearing on our bodies. Can you guess what part of body we are miming? Stomach, brain or the appendix?

THE MONTHLY RECAP

Earth Day Sudoku

Each row, each column and each of the large four squares should have one of each image. Fill in the blanks!

EARTH DAY IN 5A AND 5B

BY ZDEŇKA KUČEROVÁ

On April 22, as every year, our globe celebrated its feast day. In classes 5.A and 5.B pupils also joined these celebrations. First, they were looking for new vocabulary and then they played Earth Day Sudoku. They wondered how they could help themselves: using less electricity, not wasting water, recycling, reusing things and by riding bikes or walking instead of using car. And what have you done for our Earth this year?

LESSON WITH A NATIVE SPEAKER

BY LUCY BIRKOVÁ

This month has been special for more than just one reason. Kids from 3.A have had a special visitor. Her name is Maya and she comes from the USA. She tried teaching kids and kids tried how it feels to have a native speaker as their teacher. After a short introduction we played games and our kids taught Maya how to play our favourite whispering game. Of course, Maggie couldn't miss this lesson and she was a special co-teacher as well!

THE MONTHLY RECAP

SMOOTHIE TIME!

BY LUCIE VOBROVÁ AND LUCY BIRKOVÁ

We managed to connect science and English subjects together when Steve, Maggie and Bob the Blob were making their smoothies in our classbooks. Even we wanted to make our own healthy smoothie. We peeled, cut, chopped, mixed kinds of fruit and tasted smoothies made by us. Can you imagine any other way how to learn than by doing the activity itself? The fresh made smoothies were the best reward we could get. Yummy!
