JANUARY
2021 / 2022

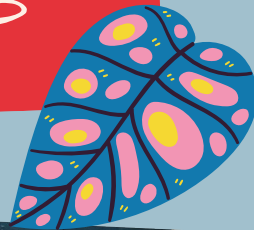

So, finally here, right? But you know how it goes - quarantine here, quarantine there, quarantine everywhere. For this reason it's a bit harder to write about our wonderful adventures when we are stuck at home, isn't it? However, quarantine can't stop us and we believe you are ready for our January adventures. Let's start reading!

WHAT'S NEW AT OUR SCHOOL?
What might possibly be the most comfortable day at school? The day when you are allowed to wear your sweatpants! We normally prefer something different than this leisure piece of clothes to school, right? Something like trousers, jeans, skirt or dress. However, we are a part of "Schools United" and "Hrdá škola" projects, so we couldn't miss the chance to be a part of another funny project day.

THE MONTHLY RECAP

TOYS AND TRANSPORT IN 2.C

BY PAVLA KUČEROVÁ

We finished the Unit "Toys and Transport" in our English class in January and we practised modes of transport again because "practice makes perfect!" Pupils were divided into four groups distinguished by colours. Each group had to find their small cards with means of transport and assign them to the land, water and the air. Part of the activity was also asking and answering, e.g. What is it? What have you got? Finally we checked all the groups of words and reviewed the vocabulary again.

THE BIG RACE IN 2.B

BY IVETA WINTROVÁ

Faster, faster, faster... And what about trying who is faster and who is slower? Children from the 2B class were excited to take part in The Big Race. They brought their fast racing cars and a yellow school bus. Nobody expected that the winner would be the yellow school bus. Well, it was faster than other cars. A big surprise, right?

THE MONTHLY RECAP

SCHOOL OBJECTS ALL OVER THE ENGLISH CLASSROOM

BY LUCY BIRKOVÁ

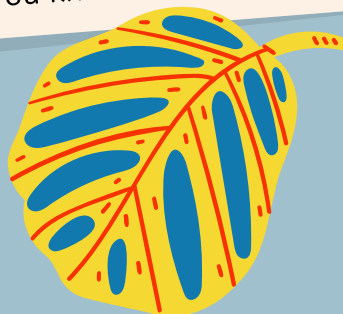

What a fun it is when you are allowed to run all over the classroom while your friends and teacher are cheering you up? It is a great fun! The kids from 1.B and 1.C enjoy lessons like this while practising new vocabulary. This time kids have practised school objects vocabulary and they even improved their physical condition! You know, running...!

FRUITS AND VEGETABLES EVERYWHERE

BY LUCIE VOBROVÁ

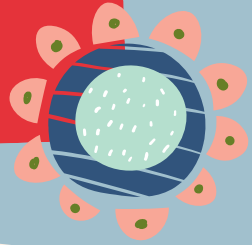

The children in class 3.C studied hard to remember a big number of fruits and vegetables both in Czech and English language. It took us almost a month but we were successful at the end. During the month we learnt about groups of fruit and vegetables, made a giant paper carrot, cut and colour a book with all kinds of fruits and vegetables. We also know the interesting story about tomatoes and we found out why we can find it between vegetables in stores despite it is actually a fruit. Do you know the same as we do?

THE MONTHLY RECAP

MONSTERS IN 1.A

BY BARBORA ČOPIKOVÁ

We started new topic "body parts". We learnt some vocabulary and used it to create our special monsters. We mainly focused on a face – eyes, nose, mouth, ears, eyebrows + hair. Our monsters were funny, scary and colourful, we just loved them. Our favourite song for this month was and still is "Head and shoulders".

WE HAD SO MUCH FUN!

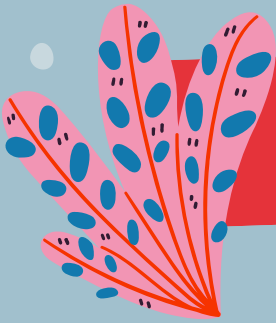

BY HANA ONDŘIKOVÁ

Class 1.C was quarantined during December. So we had to make everything up in January. Firstly, we decorated gingerbread houses and gingerbread cookies. Secondly, we acted a theater about the Three Wise Men. Then, we learnt letters by modelling them from Play-doh. Finally, we painted polar bears with forks. It was a great month full of wonderful experiences.

THE MONTHLY RECAP

WHAT IS IT?

BY LUCY BIRKOVÁ

What could be so funny about a normal drawing activity? Imagine you can't see what you are drawing! The kids from fourth and fifth grades tried it on their own and they loved it! We didn't always know what the picture should be but we had so much fun and we laughed a lot. Learning by playing, that's our motto ;)

WELCOME TO MY SCHOOL

BY MÁRIA TAJBROVÁ

During these days we have tried to find an answer for the following questions: Where are the blobs? and What are they doing? We already know who the blobs are. In Unit 3 it's time to find them in the school, by using prepositions and practicing present continuous. They are hiding under the desk in the classroom, in front of the basketball hoop in the gym, behind the computer in the computer lab..... :) We had so much fun finding them!

THE MONTHLY RECAP

MY SCHOOL PROJECT IN 5.A

BY LUCY BIRKOVÁ

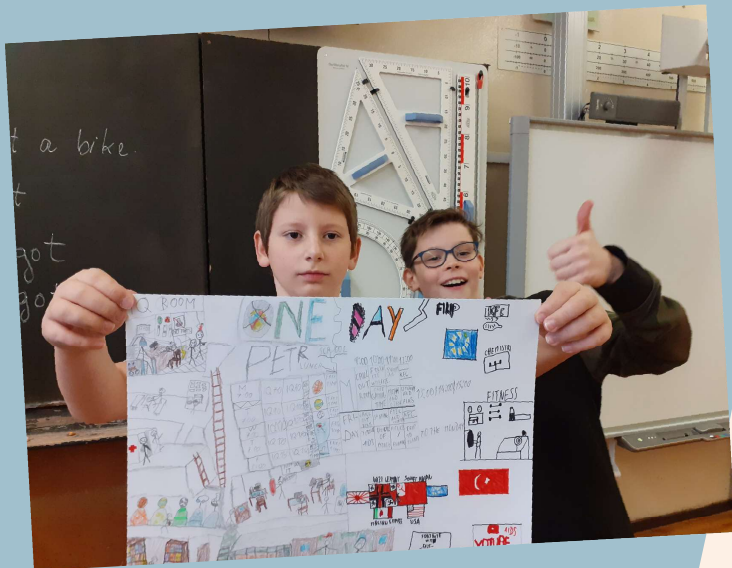

We have talked a lot about school and school subjects this month. After learning the vocabulary and common grammar structures the kids from 5.A wanted to make a project about the school. Why not? Projects are always a funny and creative way how to revise what we have learnt. Moreover, school corridors always look better with these nice projects.

OUR DREAM SCHOOL PROJECT

BY PETRA SEIDLOVÁ

Students from 5.B. really enjoyed working on the topic Our dream school. They worked together in small groups and created their ideal schools with interesting facilities and timetables using their imagination. Would you like to visit a school where you have subjects like Art and Design, Horse riding, Archery? Or a school with its own farm? Students were very proud to present their inspiring ideas to others..

THE MONTHLY RECAP

PRACTISING IN THE FIVE

BY ZDENĚKA KUČEROVÁ

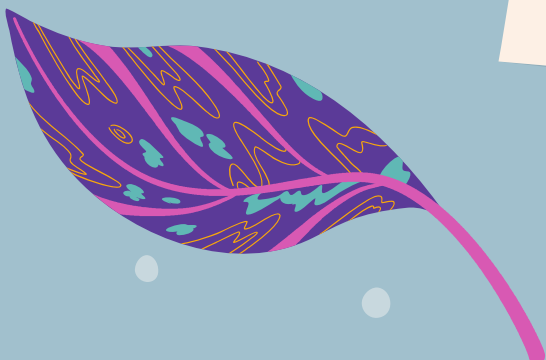

January was marked by practice and repetition as the end of the first semester of the school year approached. This also applied to class 5.A. Pupils worked on tablets and they worked with a really great concentration! They tried very hard and, of course, they were successful. After a good job they all did they deserved to play some funny games. Try to guess who the winner was 😊

FUN WITH MR. MICHAL

BY MICHAL MAREŠ

Today we have done a classic English gaming activity, the oldschool game that I recall from my childhood – Simon says. Firstly, I have dealt some confusing commands to engage the kids and make them review some of the vocabulary we are currently working on. Directions, prepositions, personal pronouns and so on. If you make a mistake, you're out. Next I've traded places with the pupils and had them issue their own commands. We've had a lot of fun and we've learned quite a bit as well. One boy even said: "Simon say: Touch your behind." He enjoyed making us touch our bottoms quite a bit and to be honest, it made me chuckle a bit as well. It seems that anything that has anything to do with toilet humor makes the kids learn grammar structures and new vocabulary much faster.
