MARCH 2021 / 2022

So, finally here. Our March edition is ready and we believe you just couldn't wait for it. Yes, it might be a little bit shorter than usually, but you know, that sometimes happens as well. Maybe letting us know that you really like reading about our adventures would help us to create more and more. However, now it's the time to start reading and enjoying our little school adventures.

## WHAT'S NEW AT OUR SCHOOL?

We live in modern times, don't we? We all think that new things are always good and what is old is not that fancy. However, it's not always like that. There is something special in old good times and it doesn't matter if we talk about sweet 1960s, flower power 1970s or full of rock 1980s. Our kids and teachers tried to travel in time and showed their point of view of the "Retro day" which we celebrated as a proud partner of "Hrdá škola".

# THE MONTHLY RECAP

## PLAYGROUND DAY IN 1.A

BY BARBORA ČOPIKOVÁ

Could you imagine learning about playground in classroom? It sounds boring right? We thought it would be much better to actually go on a playground and learn those words while having fun with our classmates. We tried to climb on a climbing frame, got sick on a roundabout and finished our lesson by sliding down our favourite „owl slide“. We will definitely come back for more fun!

## BUSY 1.C

BY HANA ONDŘIKOVÁ

As usually, class 1.C was very active. March 2022 was a very busy month for us. First of all, we collected clothes and things needed for 5 Ukrainian families. Secondly, we celebrated „Masopust“ with the other first classes. It was a great fun! Thirdly, we also made pirate paper clocks and learned English prepositions. Then, we participated in „Uklidme Česko“ event and cleaned school surroundings. Last, but not least, we had a nice talking about Easter with the pastor in the church of St. James in Stodůlky. We've also decorated the classroom for Easter. We are already looking forward to new adventures we will experience in April.

## 2.C VISITED SPEJBL AND HURVÍNEK THEATRE

BY PAVLA KUČEROVÁ

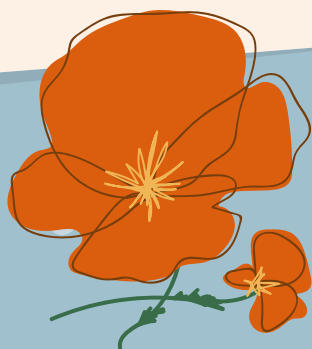

We went to the theatre in March. We saw a performance of Hurvínek's Wish. Hurvínek wants to be bigger, because he wishes to see a new movie at the cinema, which is accessible only to people older than 15 years. It happens, because Hurvínek meets a magic old man. He is happy, but not for long... We enjoyed the play a lot and we also took a look at the other marionettes exhibited in the theatre. We were surprised by the fact that in reality, Hurvínek is almost 100 years old!

## IT'S NOT SO EASY!

BY LUCY BIRKOVÁ

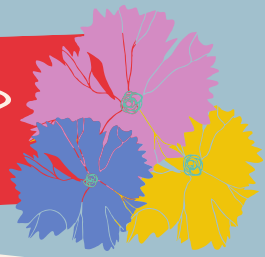

Kids in 5.C had another chance to show their acting skills. This time we played a game called "hot seat." Do you know why hot? Because you get really hot while guessing what your friends are trying to say without words or only with the basic vocabulary. It gets even harder when you must guess the whole sentence as it is written on the board. Not only must your friends use very good acting skills but also prove they can describe different situations with limited English.

## MR. MICHAL AND HIS LITTLE ARTISTS

BY MICHAL MAREŠ

We have tried some engaging video drawing tutorials of animals in English. With the initial guidelines and simple geometric shapes to give you a firm foundation to start from you may get some fast interesting results and improve your sense of proportion. Kids could get frustrated with some of the more challenging moves but it was a fine time to learn that an eraser can also be your friend and you do not have to fear to go back and redraw the lines. The two on the left are from the students, the one on the right from an adult amateur. The biggest hit was the strange self-regenerative creature – the Axolotl.

## LEARNING TIME - HAVING FUN IN

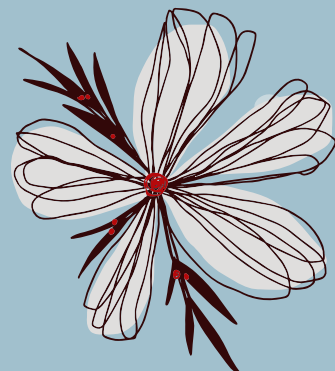

4.A

BY MÁRIA TAJBROVÁ

What time is it? What time is your IT class on Tuesday? During these days we have tried to find answers for these easy looking questions by dividing pizza into halves and quarters and drawing clock hands. We've also focused on repeating adverbs of frequency like always, usually, sometimes and never and we've practised nice sentences such as "I always enjoy English lessons with 4.A" 😊

## TABOO WORDS

BY LUCY BIRKOVÁ

This month our third graders have had a chance to play a game called "taboo words". They needed to describe cards with the current vocabulary without using specific words. It is not really easy to describe pictures such as "Steve has got a stomach ache. Steve should go to hospital." if you can say words like "stomach ache, hurt, hospital" and so on. However, our kids are very smart and they always found a way to get to the point :)
