NOVEMBER  
2021 / 2022

Helly everyone! The November edition is finally here! Let's be honest, dear mums and dads, November was really messy, isn't that right? Some kids are home, some have online classes and some have so-called hybrid lessons. That doesn't sound like fun, does it? However, we really tried and we used every moment possible to have fun, enjoy the lessons and learn as much as possible. Let's check it out!

## WHAT'S NEW AT OUR SCHOOL?

Blue sky, blue clouds, blue drinks blue kids, blue teachers... yes, the blue colour was completely everywhere! Our school experienced a hilarious day when everyone and everything was blue. We listened to music during breaks, enjoyed funny games and celebrated the blue colour. Why? Because we all like blue!

# THE MONTHLY RECAP

## THE BLUE 1.C

BY HANA ONDŘIKOVÁ

Class 1.C was very busy during November. Firstly, we had a blue day and we all came to school dressed in blue. It was a great fun. We really enjoyed the blue drink in the school canteen, as well as the songs on the school radio.

## PATTERNS EVERYWHERE!

BY IVETA WINTROVÁ

Stripes, spots, zigzags, stars, lines – it can be difficult to remember. But if we connect it with colours and our favourite (and a little crazy) T-shirts, learning is fun. As usual, our friend Maggie was very helpful. She said: "Abracadabra!" And look, what happened! Her magic really works! Oh no, Maggie, you naughty, naughty bird!

# THE MONTHLY RECAP

## OUR HOUSE

BY LUCY BIRKOVÁ

Bathroom, bedroom, living room, dining room, kitchen... does that sound familiar to you? Of course, it does. We all have these rooms in our house. Our kids from 2.A have learnt the house vocabulary this month and they have done it in a funny way. We used a house where kids needed to match the rooms with their names. We really laughed a lot because our naughty Maggie wanted to change some names but our kids were smarter and didn't buy it!

## WHAT COLOUR IS IT?

BY BARBORA ČOPIKOVÁ

This was the main theme for our last two lessons. We made sure, we can name all the basic colours first. We played many fun games like „Dancing with balloons“ or „Fly swatters“ for the very first time. We also sang and drew a lot. Now we can name all the colours of the rainbow including light and dark.

## WE ALWAYS HAVE FUN!

BY HANA ONDŘIKOVÁ

We have learned many new things this month. We learn by playing and we enjoy it. We built letters from leaves. We learned colours in English by playing at painters. We can already count to 10 in mathematics and we can do it in English. We also learned new English songs. We have already been preparing for Christmas and making a lovely gift for parents, but shhh, it's a secret.

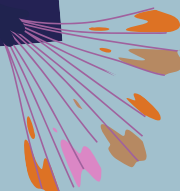

## FOREST IN 2.C

BY PAVLA KUČEROVÁ

Our main topic in November was the forest. We started with learning common types of trees. Together, we made a poster of trees with names, facts, pictures and real leaves and cones. Then, pupils used the poster to study for a test. We also enjoyed a visit from a lady in to our school, who works with forest animals. She gave us lot of information about them. The most interesting was her talking about wolves in the České Švýcarsko National Park. Inspired by this, children folded up beautiful origami foxes in Art Class. Some girls liked the folding so much, that have continued at home and the group of foxes is still growing... :-)

## THE GRAMMAR TREE

BY LUCY BIRKOVÁ

This month has been very busy for the 5.C class. Kids have been comparing present simple and present continuous tenses for almost a month. Now, they are able to differentiate between "every day activities" and "now activities". Moreover, kids have made the beautiful grammar trees where they compared these two tenses and even drew the particular activities which they needed to build up first. Of course, we keep working because practice makes perfect!

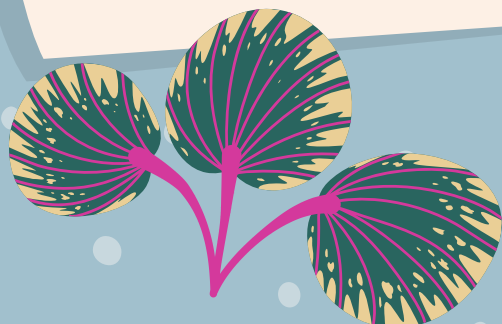

## LIVING AND NON-LIVING NATURE

BY LUCIE VOBROVÁ

Despite worsened working conditions in class 3.C due to class teacher and a reasonable number of classmates in quarantine, 3.C doesn't give up and continues on working on a project of "Living and Non-living nature". We study the characteristics of living and non-living things, we learnt a song to better remember all the characteristics and we decided whether the things in the pictures belong into living or non-living nature. More tasks will come after the teacher will be back at school.

## MAGGIE, OUR LITTLE HELPER

BY LUCY BIRKOVÁ

What's your name? How are you? These are very basic English questions and our smallest ones have no problems using them on their own! After two months of learning English, they are able to switch to this language and do you know why? Because our magic Maggie is always there to help them. In this lesson kids used Maggie to talk with their friends and practise basic English phrases. We all loved it!

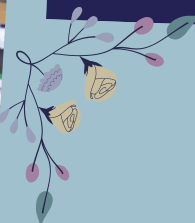

## HALLOWEEN WITH MS. MARTINA

BY MARTINA SMLSALOVÁ

On Halloween, kids enjoyed doing various crafts and activities such as making Halloween baskets, skeletons and scarecrows from paper. We watched small part of Halloween fairytale. Many students got motivated to watch the rest of the fairytale at home and learnt some new vocabulary.

## NOVEMBER 2021 / 2022

We believe you had a good time reading about our November adventures.

We are very impatient to see what's coming in December, aren't you? What we can promise is that December will be full of "merry and bright" activities and a joyful atmosphere.

### REMINDER

Due to Covid-19 restrictions there are no Christmas workshops this year. We'll try the next one!

Christmas break - no school!  
23/12/ 2021- 2/1/2022

Enjoy the time with your dearest ones!
